

BRB Sempure 135

Silicone Emulsion for Car Care

Issue date: December 5th, 2014

Description

BRB Sempure 135 is a 35% micro-emulsion specifically developed for use in transparent, aqueous, hard surface cleaning products.

Application

BRB Sempure 135 has been developed to be incorporated in car care shampoo and windscreen washes formulations. It forms a protective layer on the treated surface to provide water repellency, increased gloss and durable protection.

Features

- Easy to formulate into aqueous systems
- Remains transparent in most detergent formulations
- Beads-up water on surfaces

Benefits

- Small particle size preventing residual smearing on the glass
- Imparts water repellency, increased gloss and durable protection
- Good slippery effect

Typical Data

Parameter	Unit	Value
Appearance		transparent liquid
Solids content	%	35
Type of emulsifier		non-ionic
Viscosity at 25 °C	cSt	200
pH		6

How to Use

Mix **BRB Sempure 135** into aqueous solution.

A Product Safety Data Sheet should be obtained from your BRB office prior to use.

ATTENTION: Before handling, read product information, Product Safety Data Sheets and container labels for safe use, and any physical and/or health hazard information.
