Biochemica® Chamomile Butter is an aromatic herbal butter that soothes both the body and the senses. It is a proprietary cosmetic butter developed exclusively by the Hallstar Company for cosmetic use. Biochemica® Chamomile Butter is actually an extract of whole *Chamomilla recutita* (matricaria, also known as German chamomile) flowers into a proprietary exotic butter base with sweet almond oil and select hydrogenated vegetable oils. This process produces a smooth, velvety butter at room temperature that surrounds the user with a wonderful aroma and an elegant skin feel. With this butter you get soothing and calming effects for the mind and body. Chamomile contains constituents that have anti-irritant, anti-inflammatory and anti-microbial properties. With Biochemica® Chamomile Butter you get the healing properties of this herb in a luxurious, easy-to-use butter that will add amazing skin feel to any emulsion or anhydrous formulation. It is completely oil miscible and contains no preservatives or coloring agents.
